PROFILE

Coming from Modular Kitchen & Furniture manufacturing background, no one understands hardware & fittings better than us. Our 360 degree understanding of the subject has helped us design our products for functionality, durability & ease of installation.

Our quality standards are based on European & international standards, on guidelines issued by professional bodies & our own in house quality criteria Team STERLING has a collective industry experience of 50 years. Our strengths include core competencies in manufacturing, an ever widening product range, stringent quality standards, affordable price & All India distribution network.

Lifetime Warranty

Our products pass rigorous tests for performance & any stress they might have to withstand in normal use. As a testimony to that we offer lifetime warranty on performance of our products subject to certain conditions.

Free Design Service

Making a new modular kitchen or wardrobe?

We offer free design solution to suit every taste & budget

Designers at STERLING can provide you customize design & bill of quantity at zero cost.

For STERLING its always Customer First

STERLING is a customer centric organization & always put the needs & requirement of customers ahead of anything & everything else. Our entire team including production, marketing & support services are all focused on customer & their needs. We constantly take feedbacks from our customer & try to provide them best quality driven products & services.

Sterling offers largest collection of luxurious colours and finishes for drawers and organizers in India.

Innovation, Elegance, Quality...!

Drawer Systems

A place for everything and everything in place. Largest collection of sizes, colour and types.

Hinges

Hinges though a small component but is a specialised subject in its own. Every furniture require different hinge as per its application.

Elevators

Products of convenience and style. They are the best example to showcase minimum effort and maximum result.

Wardrobe Systems and Accessories

Organizing a wardrobe is no more a challenge, these products help you to organise your space as per your mood.

Ancillaries

Small is Big. These small components plays a vital role in putting your dream together.

Organisers

Modern kitchen should have organisers for optimal usage of space, options available for all needs and budget

Racks and Bins

A modular kitchen is incomplete without racks and bins. They hold everything that we think is not so significant.

Midway Systems and Shelves

A must have for those who are perfectionist, as it perfectly organise the available space which is generally considered as waste.

Profile and Handles

Handel less feel, Colours to match your interiors, many options to experiment and play.
